PART B. FOR July

SUBJECT.

Printing of the Civil Account Code

Letter No. 7264 of 17-6-04 from the Comptroller.

In G.O. No. H 3311-12 of 31-5-04 the Comptroller has requested that the compilation of the Account Code printed and submit a neat copy for the consideration of Govt.

The Comptroller states that previous to the receipt of the above order he had requested the Superintendent to print 500 copies of the Code, since G.O. No. 4062 H 390 of 17th Nov. 1903 did not require the compilation to be sent to Govt., that on receipt of the former order he requested the Superintendent to cancel his order and to leave the matter kept standing till the whole code is printed and Govt. approve of it. that the Supdt. informs him that the bulk of the work may amount to 5000 pages and that it is not possible under existing circumstances to keep the matter standing for a length of time without inconvenience to other works.

The Comptroller requests early orders as the order will be adopted in the matter.

No. 7264 5pl 13-14 Il 2230

Office of the Comptroller,
Mysore Government,
Bangalore, Dated 17 June 1904.

From

Henry Eagles, Esq.,
Offg:Comptroller of Mysore,
B a n g a l o r e.

To

L. Anantasawmy Rao, Esq., B.A.,
Secretary to the Government of Mysore,
General and Revenue Departments.

Sir,

In acknowledging the receipt of Govt: Pro: No.Fl:3311-12 of the 31st Ultimo requesting me to have the compilation of the Civil Accou Code printed and a neat copy submitted for the consideration of Gove ment, I have the honor to state that the compilation in question, which is merely a copy of the British Civil Account Code omitting th portions not applicable to Mysore and embodying the local circular orders in account matters, was undertaken as per Government order No 4062 Fl:390 dated 17th November 1900 and completed in September 190: The first batch of about 20 pages was sent to the Government Press for being printed and when these were ready the Superintendent wante a print order from this office so that as each batch is ready the required number of copies may be struck. As the Government order abo mentioned did not require the compilation to be sent to Government for approval, the Superintendent was requested to have 500 copies printed.

2. Immediately on receipt of the Government Proceedings under acknowledgment, I put myself in communication with the Superintender of Government Printing with a view to cancel my request to print 50C copies and to have the matter kept standing till the whole Code is printed and Government approve of it. But the Superintendent in repl informs me that the bulk of the work may amount to 500 pages and tha it is not possible under existing circumstances to keep the matter standing for a length of time without inconvenience to other works.

3. I therefore beg that you will be so good as to obtain earl orders of Government as to the course to be adopted under the

circumstance. Unless it is intended that the required No of copies of each batch as it is ready are to be printed at once and that such additions and alterations as Government may be pleased to make in the compilation are to be issued in the form of correction the matter will have to be kept standing.

The favour of an early reply is requested.

I have the honor to be,

Sir,

Your most obedient servant,

H. Eagles

Offg: Comptroller.
